Hipsterize your Luxe Buffet  
with Glass Studio

## Hipsterize your Luxe buffet setup

Allowing light through the solid **wooden buffet riser** is a fantastic idea for a breakfast buffet, all natural and clean.

Light travels through the glass prism creating sculptural effects in your food presentation.

The pale color of the wood, the translucent thick glass and the earthy colors of the glass serveware will create a **unique play of transparency and solids**.

## Hipsterize your Luxe Buffet with Glass Studio

This combination of two earthy and eco-friendly materials introduce **Wood** as the newest addition in our collection.

Combine these elevations with a selection of **colorful glass** plates and bowls for an eye-catching result.

Glass Studio is **not** a glass factory

It is a “**Boutique factory**” specializing in glass dinnerware for professional use.

A leader in the category, Glass Studio has been serving the hospitality market for 15 years now. Our aim is to create “gift boxes” for the food that add value to the offering of a restaurant and conform to professional kitchen requirements:

- Durable products (high resistance to breakages and chipping).
- Colors that are fused into the glass (no scratching etc) with no Lead or Cadmium release.
- Products compatible with all modern kitchen appliances (90°C/200°F dishwashers, 120°C/250°F preheating chabers, tested for use in microwave ovens at 800W for 10 minutes).
- The wooden buffet risers are covered with two layers of matt, colorless, food safe varnish. Clean with damp cloth only.

We are small enough to adapt to specific environments and big enough to be able to handle our luxury clients professionally and exclusively. What we aim for is a **plate that adds value**, not simply function. Dinnerware that is handmade, authentic, premium and sexy; dinnerware that will make your food presentation look special and unique, sophisticated and classy.
